## B44 Factory Team Aluminum Hubs

(Picture shows assembled product. Ball studs and bearings not included.)

- 7075 blue anodized aluminum hub with molded camber link tower
- Available in 0°, 0.5°, 1°, and 1.5° versions
- Laser etched with letters to note Left or Right side and toe-in degree.
- Molded camber link tower provides additional security for your investment against broken ball studs.
- Molded camber link tower "A" has standard holes, and optional "B" tower with in-between options.
- Uses larger 0.5" diameter outer bearing for increased durability (not included)
- Fits B44 without any additional parts.
- Fits B4, B4.1, T4, T4.1, SC10 with addition of #7935 bearings and #7933 crush tubes.
